Directors' Report

In the name of Almighty Allah The Most Gracious, The beneficent, The Merciful

Dear Shareholders,

The Directors' of your company feel pleasure to submit Un-audited Financial Statements of the company for Nine Months Period Ended March 31, 2018.

Financial Results and Operational Performance

The summarized financial results of the company for the Nine Months Period Ended March 31, 2018 are as under:

	Rupees in Millions		
Particulars	Nine Months Ended		
	31 March, 2018	31 March, 2017	
Sales	7,140.183	6,807.278	
Cost of Sales	6,476.558	6,250.658	
Gross Profit	663.625	556.620	
Operating Expenses	414.435	389.647	
Other Income	23.443	58.190	
Finance cost	136.438	100.405	
Profit before taxation	136.195	124.758	
Taxation	6.149	54.328	
Profit After taxation	142.344	70.430	
Earnings per share – Rupee	1.95	0.96	

Sales for the period under review increased to Rupees 7,140.183 million from Rupees 6,807.278 millions of corresponding period. Raw material consumed for the period also increased in view of increase in prices and volume. Salaries and wages cost increased due to increase in minimum wage rate while fuel and power cost increased due to increase in tariff and increase in spinning capacity. Packing material cost decreased due to better cost reduction strategy. Cost of Stores and spares and loose tools consumed and other overheads consumed increased due to increase in spinning capacity while processing charges remained approximately at previous periods level. Operating expenses increased due to inflationary trend. Financial cost increased in view of increase in long term and short term borrowings.

Your company has earned profit after tax of Rupees 142.344 million during the nine months period ended on March 31,2018 against Rupees 70.430 million of the same period of last year.

In view of recession on textile industry, The Board of Directors has not recommended any interim cash dividend.

The production of yarn converted into 20/S for the period under review was 22.491 million Kgs against 22.358 million kgs of corresponding period of last year. Your company's management believes on continuing policy of Balancing Modernization and Replacement (BMR) of machinery and equipments of its production facilities. During the period under review, your company have imported ten draw frame machines, thirteen Ring Frames machines comprising 23,712 spindles and thirteen Auto Cone machines which have been commissioned during the period under review. Letter of credit also has been opened for import of two COMPLETE GE JENBACHER NATURAL GAS GEN SETS MODEL JMS 616 of 2.679 MW each in 2nd quarter of financial year ending June 30, 2018 which are likely to be commissioned by end of current financial year 2018.

Future Outlook

Government is able to provide 24 hour RLNG supply to textile sector and has also announced another textile package which will positively improve the bottom line of forthcoming period. Oil prices are now showing increasing trend which would increase the fuel and power cost of the remaining period of current financial year. Cotton crop production for the cotton season 2017-18 stood at 11.579 million bales.

Directors' Report

The company is focusing on improving efficiencies and minimizing costs by enhancing spinning capacity to achieve the better financial results of remaining period of financial year ending June 30, 2018.

Acknowledgement

The Directors wish to express their gratitude to our valued clients and bankers for the cooperation extended by them during the course of business activities. The Directors also wish to place on record their appreciation for the hard work and devoted services of the staff members and workers of the company.

For and on behalf of the Board

Faig Jawed

Chief Executive Officer

For The Nine Months Ended 31 March 2018

1 THE COMPANY AND ITS OPERATIONS

J.K. Spinning Mills Limited (the Company) is a public limited company incorporated in Pakistan on 07 January 1987 under the repealed Companies Ordinance, 1984 (now the Companies Act, 2017) and listed on Pakistan Stock Exchange Limited. The Company is engaged in business of textile manufacturing comprising of ginning, spinning, stitching, buying, selling and otherwise dealing in yarn, fabrics and other goods. The registered office of the Company is situated at 29-KM, Sheikhupura Road, Faisalabad.

2. STATEMENT OF COMPLIANCE

- 2.1 During the last year, the Companies Act 2017 (the Act) was promulgated, however, Securities and Exchange Commission of Pakistan vide its Circular No. 23 of 2017 dated 04 October 2017 and subsequent clarification by Institute of Chartered Accounts of Pakistan (ICAP) through its Circular No. 17 of 2017 communicated that interim financial statements of the companies whose interim financial period ended on or before 31 December 2017 shall prepare their interim financial statements in accordance with the provisions of the repealed Companies Ordinance. 1984.
- 2.2 Hence, this interim financial information of the Company for the nine months period ended 31 March 2018 has been prepared in accordance with the requirements of the International Accounting Standard (IAS) 34, "Interim Financial Reporting" and provisions of and directives issued under the repealed Companies Ordinance, 1984. In case where requirements differ, the provisions of or directives issued under the repealed Companies Ordinance, 1984 have been followed.
- 2.3 These condensed interim financial information is unaudited and is being submitted to shareholders, as required by section 237 of the Companies Act, 2017.

3. BASIS OF PREPARATION

- 3.1 The interim condensed financial information do not include all the information and disclosures required in the annual financial statements, and should be read in conjunction with the annual financial statements for the year ended 30 June 2017.
- 3.2 The accounting policies and computation methods adopted for the preparation of this condensed interim financial information are the same as those applied in the preparation of the preceding annual published financial statements of the Company for the year ended 30 June 2017 except the following standards and amendment to IFRSs which became effective have been adopted by the Company for the current period.
- 3.3 The Company has adopted the following standards and amendment to IFRSs which became effective for the current period.

Standard or Interpretation

IAS 7 Statement of Cash Flows - Disclosure Initiative - (Amendment)

IAS 12 Income Taxes - Recognition of Deferred Tax Assets for Unrealized losses (Amendments)

Improvements to Accounting Standards Issued by the IASB in September 2014

IFRS 12 Disclosure of Interests in Other Entities - Clarification of the scope of the disclosure requirements in IFRS 12

The adoption of the above amendments and interpretation did not have any significant impact on these condensed interim financial statements

For The Nine Months Ended 31 March 2018

4. ACCOUNTING ESTIMATES AND JUDGMENTS

The preparation of this condensed interim financial information in conformity with the approved accounting standards requires the use of certain critical accounting estimates. It also requires the management to exercise its judgment in the process of applying the Company's accounting policies. Estimates and judgments are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

18 FINANCIAI INSTRUMENTS

18.1 Financial risk factors

Financial instruments comprise long term financing, liabilities against assets subject to finance lease, accrued markup, short term borrowings, trade and other payables, trade debts, loans to employees, other receivables, cash and bank balances, short term and long term deposits, short term investments.

The Company has exposure to the following risks from its use of financial instruments:

- Liquidity risk
- Credit risk
- Liquidity risk

The Board of Directors has the overall responsibility for the establishment and oversight of Company's risk management framework. The Board is also responsible for developing and monitoring the Company's risk management policies.

The Company's risk management policies are established to identify and analyse the risks faced by the Company, to set appropriate risk limits and controls, and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to react to changes in market conditions and the Company's activities.

There is no change in the company's objectives, policies, procedures for measuring and managing the above risks including capital management risk, since the preceding annual financial year ended as at 30 June 2017.

18.2 Fair values of financial assets and liabilities

The carrying values of other financial assets and financial liabilities reflected in financial statements approximate their fair values. Fair value is determined on the basis of objective evidence at each reporting date.

18.3 Fair value hierarchy

The Company uses the following hierarchy for determining and disclosing the fair value of financial instruments by valuation technique:

Level 1: quoted (unadjusted) prices in active markets for identical assets or liabilities.

Level 2: other techniques for which all inputs which have a significant effect on the recorded fair value are observable either, directly or indirectly.

Level 3: techniques which use inputs that have a significant effect on the recorded fair value that are not based on observable market data.

For The Nine Months Ended 31 March 2018

Judgements and estimates are made in determining the fair values of the financial instruments that are recognized and measured at fair value in these financial statements. To provide an indication about the reliability of the inputs used in determining fair value, the Company has classified its financial instruments into following three levels. An explanation of each level follows underneath the table:

	Level 1	Level 2	Level 3	Total
		(RUPEES IN T	HOUSAND)	
Recurring fair value measurement				
At 31 March 2018				
Financial assets				
At fair value through profit or loss	36,579	-	-	36,579
Financial liabilities				
Derivative financial liabilities		-	-	
Recurring fair value measurement				
At 30 June 2017				
At fair value through profit or loss	33,273	_	_	33,273
Financial liabilities				33,273
Derivative financial liabilities		7. 212		7. 212
Derivative milantial liabilities		4,212		4,212

The above table does not include fair value information for financial assets and financial liabilities not measured at fair value if the carrying amounts are a reasonable approximation of fair value. Due to the short-term nature, carrying amounts of certain financial assets and financial liabilities are considered to be the same as their fair value. For the majority of the non-current receivables, the fair values are also not significantly different to their carrying amounts.

There were no transfers between levels 1 and 2 for recurring fair value measurements during the year. Further, there was no transfer in and out of level 3 measurements.

The Company's policy is to recognize transfers into and transfers out of fair value hierarchy levels as at the end of the reporting period.

19. RECOGNIZED FAIR VALUE MEASUREMENTS - NON-FINANCIAL ASSETS

19.1 Fair value hierarchy

Judgements and estimates are made in determining the fair values of the non-financial assets that are recognized and measured at fair value in these financial statements. To provide an indication about the reliability of the inputs used in determining fair value, the Company has classified its non-financial assets into the following three levels:

	Level 1	Level 2	Level 3	Total
		(RUPEES IN	THOUSAND)	
At 31 March 2018				
Freehold land	=	292,031	-	292,031
Total non-financial assets	-	292,031	-	292,031
At 30 June 2017				
Freehold land		284,097		284,097
Total non-financial assets		284,097		284,097

For The Nine Months Ended 31 March 2018

The Company's policy is to recognize transfers into and transfers out of fair value hierarchy levels as at the end of the reporting period.

There were no transfers between levels 1 and 2 for recurring fair value measurements during the year. Further, there was no transfer in and out of level 3 measurements.

19.2 Valuation techniques used to determine level 2 fair values

At the end of each reporting period, the management updates the assessment of the fair value of each property, taking into account the most recent independent valuation. The best evidence of fair value is current prices in an active market for similar properties.

The level 2 fair value of land has been derived using the market value approach. The key inputs under this approach are the market price per kanal determined by using independent market inquires and comparing prices of similar land in the area (location and size).

19.3 Valuation processes

The Company engages external, independent and qualified valuer to determine the fair value of the Company's freehold land. As at 30 June 2017, the fair value of freehold land has been determined by Messrs Harvester Services (Private) Limited.

Changes in fair values are analyzed at each reporting date during the annual valuation discussion between the Chief Financial Officer and the valuers. As part of this discussion the team presents a report that explains the reason for the fair value movements.
